

YANDRIEN LANDU WOHANGARA

Sumba, Indonesia (GMT+8) • yandrien@gmail.com • linkedin.com/in/yandrien-woha-015147a5 • https://us.yandrien.my.id

SUMMARY

Web Developer with foundational experience in PHP and MySQL since 2008, currently focusing on modern Laravel development since 2024. Experienced in building full-stack projects, including an inventory system with pure PHP and a Laravel portfolio site featuring OAuth, visitor analytics, and custom JavaScript integrations. Accustomed to leveraging AI tools to accelerate development and learn industry best practices. Available for remote work with a 4+ hour daily overlap for US time zones.

SKILLS

- **Backend:** PHP, Laravel, MySQL
- **Frontend:** JavaScript, jQuery, AJAX, HTML5, CSS3, Blade, Tailwind CSS
- **Tools & OS:** Git, Composer, phpMyAdmin, XAMPP, cPanel, Windows

EXPERIENCE

Web Developer | Personal Projects & Freelance 2024–Present

- **ISales System:** Developed an inventory & sales management system using pure PHP, JavaScript, and MySQL, deployed at <https://toko.yandrien.my.id>.
- **Portfolio & CMS:** Built a personal portfolio website (<https://yandrien.my.id>) using Laravel, implementing article CRUD operations, Google/Facebook OAuth login, and a visitor tracking dashboard.
- **Custom Multi-Language Feature:** Engineered multi-language support by modifying the Google Translate widget using JavaScript and CSS, adding programmatic triggers and network error handling.
- **Dictionary Application:** Created a regional language dictionary application utilizing Laravel and jQuery/AJAX for real-time search capabilities.
- **AI-Assisted Workflow:** Utilized AI tools within the development process to improve code quality and adopt modern Laravel design patterns.
- **Deployment Management:** Managed the full deployment cycle from local development using XAMPP to production hosting via cPanel and Git.

PROJECTS

ISales System (PHP, JavaScript, MySQL, jQuery) 2024

A standalone web application for tracking inventory and sales, featuring stock management and reporting. **Live:** <https://toko.yandrien.my.id>

Portfolio & CMS (Laravel, MySQL, jQuery/AJAX, OAuth) 2024

A personal website with blog CRUD, regional dictionary, social authentication, analytics, and custom multi-language support. **Gateway:** <https://us.yandrien.my.id> | **Full System:** <https://yandrien.my.id> | **GitHub:** github.com/yandrien/yandrien.my.id

EDUCATION

Universitas Nusa Cendana Graduated 2010

Bachelor of Electrical Engineering, Information Technology Concentration
